

Case Study

Heimann Cancer Center Asante

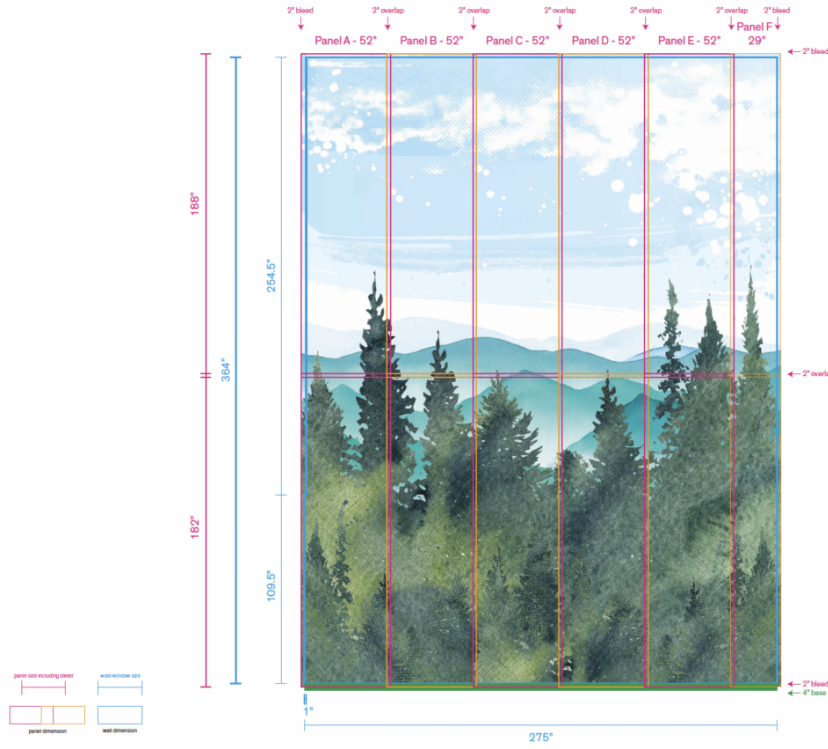

Medford, OR

Mahlum Architects worked with our Custom team to create an environment that evokes calm, peace and joy for visitors at the Heimann Cancer Center – Asante. From concept to installation, we collaborated on the project goals to deliver a sense of tranquility to those who enter the center's space.

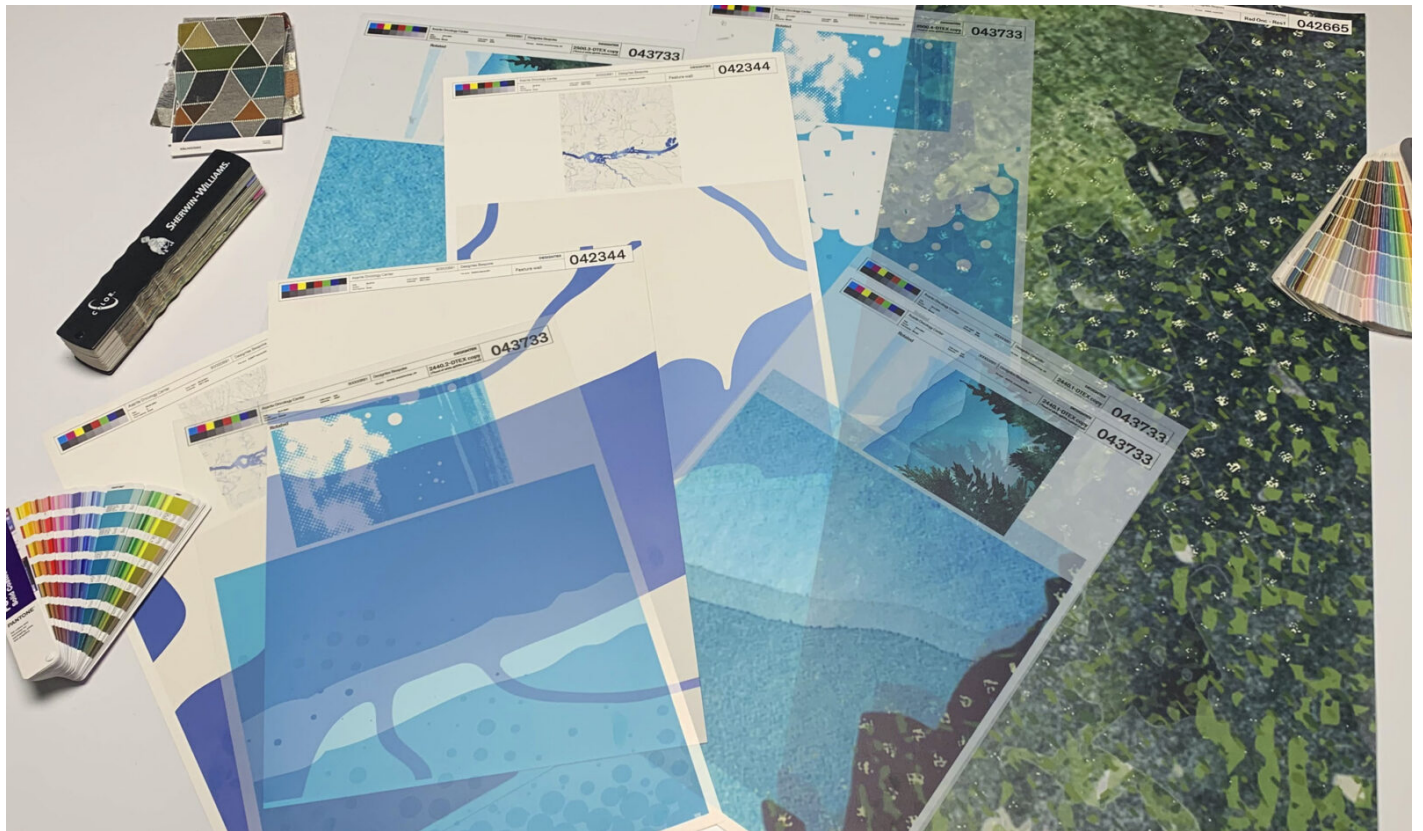

Layout

First, we created a drawing for pre-production approval.

Strike-Off Samples

Next, strike-off samples were printed and provided for color approval.

Production

Once the artwork and colorwork were approved, the material went into production at our factory in Portland, Maine.

Installation

Lastly, the printed wallcovering was installed on-site.
