

Date:

Project Name:

Designtex declares to the USGBC that the products listed below, distributed by Designtex, conform to the following specification requirements for LEED v4 Materials and Resources Credit.

**Building Product Disclosure and Optimization – Material Ingredients**

Option 1: Material Ingredient Reporting

| Product Name | Manufacturer Inventory | Health Product Declaration | Cradle to Cradle V2 Basic or V3 Bronze | USGBC approved Certification Program |
|--------------|------------------------|----------------------------|--|--------------------------------------|
|              |                        |                            |  |                                      |

**Building Product Disclosure and Optimization – Sourcing of Raw Materials**

Option 2: Leadership Extraction Practices – Recycled Content

| Product Name | % Post-consumer | Total value of post-consumer content [\$]<br>[total \$ × % post] | % Pre-consumer | Total value of pre-consumer content [\$]<br>[total \$ × % pre] |
|--------------|-----------------|--|----------------|--|
|              |                 |  |                |  |

**Indoor Environmental Quality – Low Emitting Materials**

Option 3: Wall Panels

| Product Name | Category | VOC Emissions Evaluation |
|--------------|----------|--------------------------|
|              |          |                          |
