

DESIGNTEX

Privacy Film Program

Standard Privacy Film Patterns

Small Alternating Dot

The Designtex Privacy Film collection consists of geometric patterns printed in varying opacities at different scales to create gradating effects for glass film. These patterns help provide privacy and confidentiality for users of any glass walled space. Eight different base patterns with three levels of opacity allow users to dial in the amount privacy for their specific application. For more information, please contact your Designtex Sales Representative.

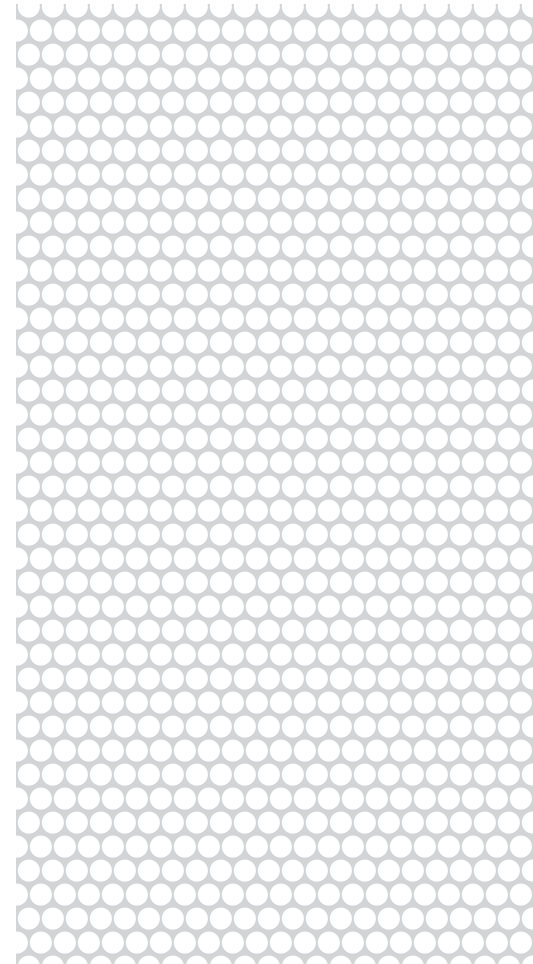

WIDTH	LIGHT PRIVACY	MEDIUM PRIVACY	HEAVY PRIVACY
48"	SIGF S1 L48	SIGF S1 M48	SIGF S1 H48
58"	SIGF S1 L58	SIGF S1 M58	SIGF S1 H58

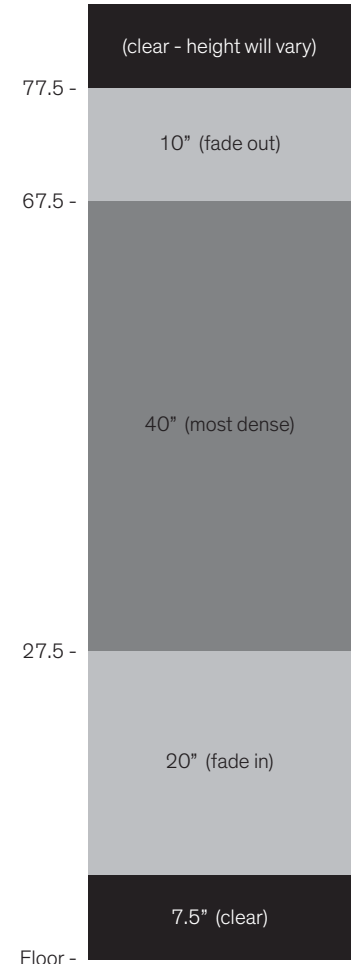

SAMPLE PART #: MSIGF S1

NOTE: All panels ship at 118" high. Clear can be trimmed from the top to suit desired height.

DESIGNTEX

Artwork at 100% scale.
White represents white ink, grey represents clear

Designed for sit-stand environment.

Standard Privacy Film Patterns

Large Alternating Dot
